

# Whisp's Cloud Spotter

Tape it to a window. When you spot a cloud, color in its circle.

EVERY CLOUD IS ONE OF WHISP'S NEIGHBORS

## Cumulus

*cotton balls with flat bottoms*

Look for it: sunny afternoons

☐ I spotted one!

## Cirrus

*thin white feathers, way up*

Look for it: fair days, very high up

☐ I spotted one!

## Stratus

*a gray blanket over the whole sky*

Look for it: gray mornings

☐ I spotted one!

## Cumulonimbus

*a tall tower with a flat top*

Look for it: before a storm

☐ I spotted one!

## Altocumulus

*little puffs in rows, like fish*

Look for it: before the weather turns

☐ I spotted one!

## Nimbostratus

*a dark blanket that rains all day*

Look for it: all-day rainy days

☐ I spotted one!

## Lenticular

*a smooth flying saucer*

Look for it: windy days near hills

☐ I spotted one!

## Contrail

*a straight white line behind an*

Look for it: clear days, very high

☐ I spotted one!

"When we listen and work together, we have reasons to expect a happy ending."
